

Sotheby's

This 588-square-foot Gustavia boutique is ideally situated, and the space is fully equipped to run a "take-away" business, such as pastries, ice-cream, tea or coffee shop, healthy food, etc., where their clientele can pick up their already-prepared meals to dine at home. A refrigerator and counters are already in place. A retail business could also do well in this space by renovating it to suit its needs. A parking place for staff is included in the sale.
